HEADLINE: Pinnacle Completes a \$8.5 Million Structured Cabling/Audio Video/Data Center Project for An Internationally Renowned Entertainment Industry Leader in Glendale, CA

Pinnacle recently successfully completed an \$8.5 million structured cabling and audio/video project for a major internationally renowned entertainment industry center in Glendale, CA.

The structured cabling project included the installation of horizontal CAT6 cabling for over 7000 runs, fiber and copper backbone cabling for 22 IDF's and a WIFI system.

Pinnacle provided first class enterprise AV systems to the creative entertainment campus that uses over 90 rooms of AV video conferencing and control systems for various high level groups.

The audio/video project included installation of state of the art theater, Play-Test-Observation labs, video walls, and sound masking to 16 floors to ensure privacy and comfort.

Founded in 1990, Pinnacle has become a leader in IT/Communication Infrastructure and Audio/Video Integration and Solutions with an all-encompassing approach and unsurpassed expertise in the areas of:

- Design/Build Services
- Project Management
- Structured Cabling Design
- Installation and Support
- Data Center Build-Out
- Audio, Video, and Control Systems
- Riser Cabling System Management
- Video Surveillance- Closed Circuit TV
- Access Control
- On-site 24/7 support
